Robin and Derrick flaunt their School Spirit.

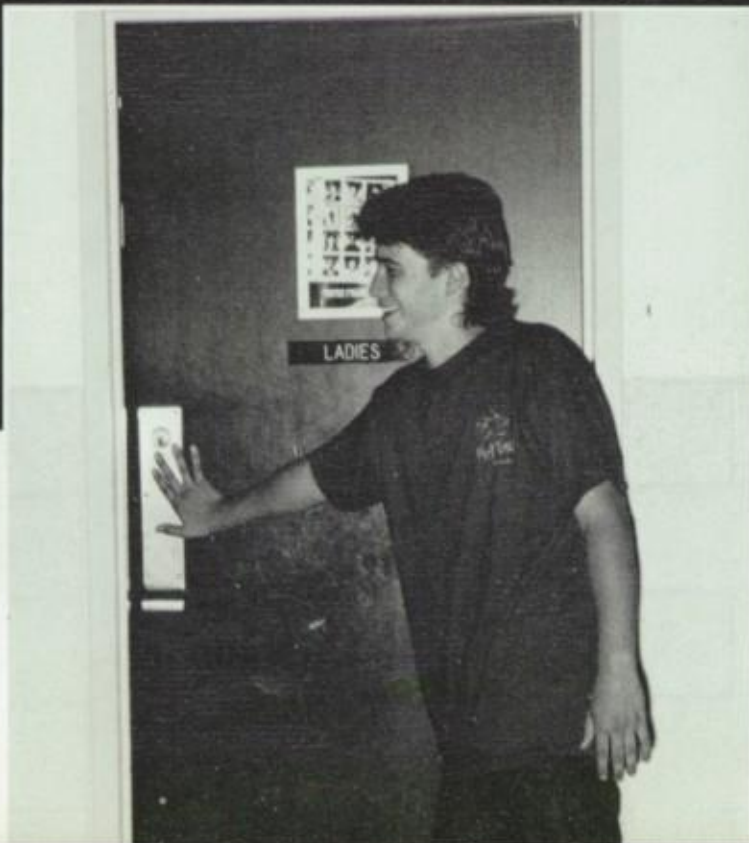

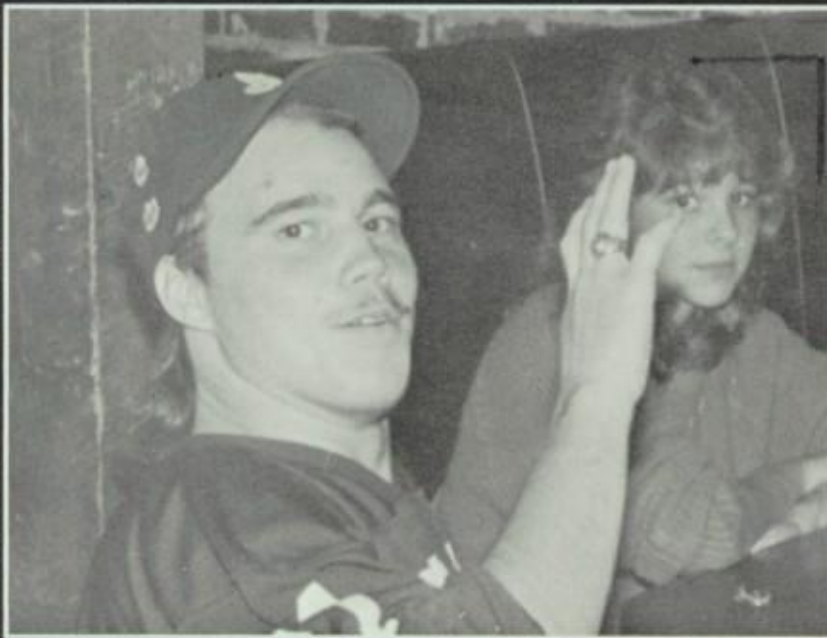

Raymond won't let his injury get him down.

Here's to You . . .

Twenty-five years ago a new school, Northeast Senior High, opened with bright hopes and dreams for the future. We like to think that we — a quarter of a century later — are the fulfillment of those hopes and dreams. We are the future that the Class of '62 and subsequent classes planned and worked so hard for. We are the living product of their lives. Because of the twenty-five-year heritage left by those who have gone before us, we are now able to hope and dream. And one of our hopes is that the next generation will be as proud of us as we are of those who

began and continued the Northeast tradition.

In these twenty-five years we've come far and changed so much. There are obvious differences between the students of yesteryear and Northeast's present student body, such as the way we dress, our music, and the dances we enjoy. We, today's students, have embraced various trends, fads, and fashions which might of have startled the members of the Class of '62. Would we girls enjoy being required to wear skirts or dresses without the opportu-

I wonder what Alan thinks is so funny.

Let us tell you everything we know about the driver's ed. car.

Mike, what have you done now?

nity to wear jams or jeans instead? Would most of us want to watch "Leave It to Beaver" over and over instead of our beloved MTV? Ever wonder what it was like to hear bells ringing in pinball machines rather than seeing Pac Man going across the screen? Would it seem strange to see the parking lot full of Chevelles and GTO's in place of our familiar Camaros, trucks, and Mustangs? How would we like to do "The Twist" at the prom and not "Breaking"?

The sophomores start a new trend.

Is that Debbie Trogdon I see working?

Mr. Owens wears a normal tie for a change.

Hey, it's the Three Stooges!

Isn't there an old legend about rubbing the head of a leprechaun?

Here's to You . . .

Yes, we have changed. But are the differences more important than the similarities? The Class of '62 and those that followed were young and ready to conquer the world; so are we. They worked hard and achieved recognition; so have we. They had fears and doubts; so do we. They loved and laughed; so do we. Maybe we aren't so different from the Class of '62 after all. We all share the same inner desires and needs. And we all are products of Northeast Senior High. It has supported us, endured us, nurtured us, and made us what we are today. So happy silver anniversary, Northeast. here's to you — and you ain't seen nothing yet!

Ms. Heavner has no trouble controlling her class.

Rooster, what have you done to that car?

Robert shows us his pearly whites.

Northeast and Pizza Inn both sound good to us.

Gary can afford to have two for the price of one.

DEDICATION

Need a friend?

Looking for NE #1 fan?

Mrs. Peggy Woody

Mrs. Peggy Woody, a trustworthy helper as well as a faithful friend to each student at Northeast, is truly appreciated for years of dedicated service. Who do we go to when we need help on fund-raising activities? Who do we go to when we owe a fine or if we just need someone to talk to? Who is the one who is always at the football games cheer-

ing on the teams? Mrs. Woody. Mrs. Woody's friendly nature has lightened up this school and helped make Northeast what it is today. For these reasons and many more we, the 1987 ARIES Staff, deem it a privilege to dedicate this silver edition of the ARIES to Mrs. Woody. Mrs. Woody, we all love you dearly.

JAWICE,
I AM GLAD
I GOT A CHANCE TO
KNOW YOU. YOU ARE
A VERY SWEET GIRL. I
HOPE YOU HAVE A GREAT

Teen Talk: It's an option.

Northeast High School now offers a new club. Teen Talk was formed during the summer and boasts 139 members in its first year of existence. Led by an executive council and seven faculty members, Teen Talk hopes to give students information concerning such topics as suicide, alcohol and drug abuse, smoking and child abuse. The faculty members have agreed to accept calls from students who just need to talk or need information about further counseling. Teen Talk also provides enjoyment for students as in the Homecoming float, the Halloween trick or treat drive and the Valentine poll. Teen Talk would like to thank the faculty and students who have helped make the club a success its first year!

We, the 1987 U.R.T.&V. Staff, would like to express our gratitude to those who helped make this yearbook a success. The completion of the U.R.T.&V. would not have been possible without their contributions.

Many assisted us in different ways. First, we would like to express appreciation to Mr. Wayne Pickrell and School Pictures, Inc. for the numerous pictures they provided. Mr. Pickrell was always willing to give his time and help, and he never let us down. Thanks go to Mrs. Rebecca Powers for contributing a variety of photos. Another thank-you goes to Mr. Tom Adams, our yearbook representative. His coordination is unfailingly supportive and professional. We also wish to recognize Mr. Charles McMillan. He took his own time to help with our photography, and we appreciate his efforts. A group that cannot be overlooked is the faculty, staff, and administration; they gave us their patience and cooperation.

Mrs. Mary Shores deserves special thanks for all her help this year. She spent many hours during her planning period and after school checking our layouts, suggesting improvements in our copy, and encouraging us along the way. Without her, we could not have made it.

Last, we want to tell Mrs. Leta Pillion how much she has meant to us. She worked with us, supported us, taught us, praised us, and — most of all — was there when we needed her as an advisor or as a friend. She is the heart of the U.R.T.&V.

So, here's to you, Mrs. Pillion, and to all the others for making the twenty-fifth edition special.

Allen,

Some people are fortunate enough to meet someone special in their lives, who even though they have had their ups and downs, continue to share a lasting friendship. I am very proud of all the accomplishments you have made. Congratulations!

Love ya,

There are many people that we meet in our lives but only a very few will make a lasting impression on our minds and hearts.

It is these people that we will think of often and who will always remain important to us as true friends.

Kim,

It's hard to put into words the pride and honor you've spread throughout our family. Over your years of high school, you've blossomed and matured into a young lady, seeking to bring joy, peace and happiness into your surroundings. You have a special way of touching people, always willing to show your sincere concern while letting them know that you understand. You continuously demonstrate that a situation is never a problem until you've blocked out your options. You work from the heart, not the mind, for you realize that the mind lingers but the heart is continuous. You have a scarce quality among the human race . . . You accept people as who they are without judgment, while searching for their positive qualities and trying to overlook the negative aspects. As a whole, Kim, you're a dream within a dream, full of strong ideas and determination to convert your dreams into reality. It's true . . . you're unique, and God has set aside a definite place in society for you. Though the path ahead may be rough and shallow, allow God to guide you, and you won't get lost. Remember to always be true to yourself and live for what is on the inside. Though you may encounter many hardships and struggles, we're certain that you will survive and come out on top, full of dignity and success.

Thanks — for just being YOU.

We love you, Kim!!!

Gary,

Once I dreamed of someone, for whom my heart could belong, my life I could share, and my love could be returned. The someone that when we met, to him I would give everything. And when we first spoke, I knew **he** was you. You, who have brought me great happiness, lifted my spirits, given me strength, and touched my soul. You, who have smiled when I laughed, and caught each fallen tear. You've taught me to live, helped me to grow, and I will cherish our time together all the days of my life. It is you that I'll follow, for we are as one forever and always!

I love you!

Tracey,

In good times and in bad, I have never had a better friend. You are someone I can count on, someone I can trust and someone who understands me. Every time I have needed you, you have been there. I will always be thankful for the friendship you have given me. You are truly my best friend.

Dear Christie,

The last seventeen years have passed so very quickly. Sometimes I stop and compare in my mind a bright, cheerful little girl bumping across the kitchen floor to the poised, beautiful young lady that you are today. The treasury full of happy memories I have of our times together repays ten times over the work and worry of being a parent.

As you graduate from Northeast and enroll in college, the great adventure of life begins in earnest. I am so happy and excited for you.

Love,
Dad

Friendship is a special blessing from above. It's the sharing of activities with someone who understands and cares. It's a warm ray of sunshine that fills our hearts in times of need. It's the bringing out of beautiful things in each other that no one else looked hard enough to find. It's the mutual trust and honesty that lets us be ourselves at all times.

In Memory of Dawn Vestal

Time helps somewhat to ease my pain and grief for you. The only two things that really help me live with your absence is knowing that you are happy in heaven, and you don't have to suffer any longer in this world. Although I cannot understand why you are gone, I do not question the Lord for taking you. I am just thankful to Him that I was blessed to know you. I won't forget the times we had when we were neighbors. You were always there when I needed your help. I will remember you always.

Sheri,

When you were born, you were very precious and dependent. Through the years you have become even more precious and cherished by those who are close to you. As you close this chapter of life and turn the pages to a bright and challenging future, remember we will always love and support you in your quest for a successful adult life.

Love,
Mom, Dad, & Darren

For Cheri:
Sisters are like friends
You share
problems and secrets,
joys and sorrows
You have
misunderstandings
that seldom last long
But most of the time,
you are in agreement
A sister, like a friend,
is always there . . .
ready to listen,
willing to help,
telling you
just what you
want to hear . . .

She is full of
love and care,
warmth and understanding
And is a lot of fun
to be with
A sister and a friend
in one is rare
That is why
I consider myself
so lucky . . .
Because
I have both
A sister and a friend
in you!

Good luck and
remember I love
you!
Michelle

Although pages will get torn away,
And pictures will fade,
The memories of our friendship
Shall never go astray.

A place within my heart
Will echo with laughter and tears,
And remind me bittersweetly
Of special friends and special years.

The laughter will ring the loudest
Remembering nightly drives,
Stereo blasting — talking of dances and
games —
And trying to find that special guy.

Yet the tears will not be forgotten
With each that fell I grew,
To know the person I'd become
And treasure the friend I found in you.

So although these days are ending
And it seems a different life we face,
Remember — Together we've built the
future
For these memories brought us to this
place.

Carol,
We have formed a friendship that has become invaluable to me, and somehow a simple "thank you" doesn't really measure up to what I'd like to say for everything you've given me. I think, maybe, a rainbow would be more appropriate. I only wish I had it to give to you. But until I do, I thank you from the bottom of my heart, and I luv ya!!!

Congratulations!

OUR YEARS TOGETHER

We've shared some fun,
Throughout the years;
But the time has come,
And the end is near.

We must face the fact,
And share a few tears;
It was never an act,
When we shared our cheer.

We've been through the good times
We've shared a few bad
But nothing can equal,
These years that we've had.

We've always depended,
One on the other;
Our years have been splendid,
Because we've had one another.

We've grown like a family,
We're the closest of friends;
Let us be like that always
With never an end.
